

MECHANICS COLLOQUIUM

Thursday, 1 Oct 2009,
9:45-10:30 h.
Delft University of Technology
Faculty of Mechanical Engineering
Room 4B-1-49

“Steady State Characteristics of Two-Wheeled Vehicle”

Ichiro Kageyama

Professor of Nihon University, Japan
College of Industrial Technology
Department of Mechanical Engineering
mailto: kageyama.ichiro@nihon-u.ac.jp

Abstract – Prof Kageyama will first give a short introduction on his lab facilities after which he will present some recent developments in his studies on the dynamics and control of motorcycles.

About the speaker – Please visit his website for more info:
